

## MAP: Streamlining Sourcing and Purchasing with the Ariba® Sourcing Solution and OnProcess Technology

Retail customers across Indonesia visit the over 1,800 retail centers of PT. Mitra Adiperkasa Tbk. (MAP) every day. MAP is the leading lifestyle retailer in Indonesia, with a diversified portfolio of retail centers that feature sports, fashion, department, kids, food and beverage, and lifestyle stores. MAP wanted to own and execute the sourcing and negotiation of all of its purchases at a consolidated group level. In order to do that, it needed an effective and efficient sourcing platform.

The Ariba® Sourcing solution combined with bundled consulting services by OnProcess Technology helped achieve this goal. Now MAP has access to real-time dashboard reports on spend, savings, and team performance, which allows the company to react quickly and efficiently to market changes.
