Why Choose SAP Ariba
One trillion dollars in commerce started with some crayons, a paper tablecloth, and the right idea.

Discover, connect, and collaborate in the marketplace for modern business

Every day, we create simple, intelligent exchanges between millions of buyers and sellers, giving them innovative ways to connect and collaborate with the right business partners across a global network and build a healthy supply chain.

Our Technology Stack

What makes SAP Ariba’s technology stack great? It’s simple.

SAP Ariba is the only global provider that can deliver full Source-to-Pay process coverage in every geographic market - with a B2B network that is operating at scale.

Why SAP Ariba Wins

SAP Ariba solutions rank tops among leading analyst firms, including #1 in procurement and business networks!

We’re the world’s largest marketplace for business-to-business transactions-connecting with more than two million company.

When we shape deals to our strengths, we win at our offerings and most importantly, attractive prices with our broad scope:

Opportunities Are Endless

Being a part of the SAP family provides an unbounded upside to an amazing growth opportunity that is just beginning for us...

Your career is absolutely anything you want to make of it. This includes having fun with some amazing people.

We’re guided by leadership
There is authenticity in our leaders’ promises. Their vision and goals are upheld.

Change is constant
We’ve maintained a startup mentality and it never gets boring, ideas are constantly changing and evolving. That’s exciting to us.

There’s power in collaboration
We take pride in the outcome of working together. The best solutions are generated by diverse teams.

Innovating the industry
We’re always innovating and finding ways to simplify and enhance results for our customers.
